SAILING TOWARDS A SUSTAINABLE BLUE ECONOMY

Voyage Sri Lanka 2025 is the flagship international summit that brings together delegates from around the world, serving as a global platform for investment, innovation, & sustainable growth in the Marine, Offshore Services and Boat building industries. Building on the momentum of the successful 2024 inaugural event, the 2025 edition aims to position Sri Lanka as a regional leader in the blue economy, with a special focus on advancing the marine sector as an emerging industry with significant potential for exports, investment, and strategic business collaboration.

OUR MISSION

To harness the country's vast marine resources in a way that promotes sustainable economic growth, environmental stewardship, and social equity making Sri Lanka the regions' premier hub for marine services.
